

Fundraising tips and tricks

Whether you're a seasoned fundraiser or just getting started, the FightMND team is here to help you reach your fundraising goals. Here are our top tips to set you up for success.

Personalise your page

- A profile pic gives your friends and family confidence they've landed on the right page.
- Share why you are participating in Daniher's Drive. Tell your story and connection to motor neurone disease (MND) and/or Daniher's Drive.

Kickstart your fundraising

Make a personal donation to get your fundraising started. Sometimes people don't want to be the first one to get things going. Your donation also gives people an idea of how much to give.

Share, share, share!

- Share your page and fundraising updates with friends, family and work colleagues by sharing your fundraising page link.
- Use your social media platforms (Instagram, LinkedIn, Facebook, X or TikTok) or frequently used communication platforms (WhatsApp, Teams, Slack etc.) to keep friends and family updated on your fundraising.
- Share your fundraising via text message. Did you know that 90% of texts are read within 3 minutes? Copy this message below and spread the word.

"Hi (name), I am (XX) months/day away from my Daniher's Drive 4-day road trip through regional Victoria in support of FightMND. My team (team name) is aiming to raise (\$XX). Please share my fundraising link with your friends, family & associates to help achieve my goal and beat the Beast! [LINK]"

Host an event

- Organise a trivia night, a BBQ, club night with an auction or raffle. Events can be fun, raise awareness of what FightMND does and raise funds.
- Check out event tips [here](#)

Local business support

- Reach out to local businesses for sponsorships or raffle/auction items. Download the Daniher's Drive sponsorship letter and flyer to support you.

Thank you!

- Don't underestimate the power of saying THANK YOU! Thank your supporters for their donations and update them on your fundraising target.

Need help reaching your fundraising goals? We have created a resource page on our Current Participants webpage with resources to assist you further.
